LinkedIn

MBBS student at Barts and The London, currently intercalating on the MSc MedTech Innovation & Entrepreneurship at King's College London. I combine clinical training with more than six years of healthcare operations experience across finance, HR, compliance, patient experience, growth and practice acquisition. Current work spans startup building, multilingual health communication, medical education, health inequalities and MedTech innovation.

EDUCATION

MSc MedTech Innovation & Entrepreneurship

2026—2027

King's College London

Full-time intercalated MSc focused on healthcare innovation, entrepreneurship, software, product evaluation, quality and regulation. Current work includes healthcare software development, entrepreneurial strategy and live MedTech case analysis.

MBBS Medicine

2023—PRESENT

Barts and The London School of Medicine and Dentistry, Queen Mary University of London

Intercalating after completion of Year 3. Achieved distinctions across the first three years of the MBBS programme.

CURRENT PROJECTS & LEADERSHIP

Founder & Developer — Glossavia

2026—PRESENT

Multilingual health communication

- Founded and developed an AI-assisted platform for accessible multilingual health communication with structured human oversight.
- Leading product development, pilot operations, reviewer workflows, partnerships and early team-building.
- Current pilot work evaluates accuracy, clarity, accessibility and safety across multilingual health content.

Vice-President

2026—27

BL GP Society

Helping lead the Tomorrow's GP Conference 2026, including sponsorship, speakers, educational content, prizes, publicity and event logistics.

Industry Innovation Lead

2026—27

BL Innovation Society

Developing Innovation Rounds, a curated series of MedTech internships, programmes, hackathons, fellowships and practical industry opportunities for medical students.

Barts student leadership

2024—2026

Barts and The London Indian Society

Co-President (2025—26), following service as Social Secretary (2024—25), supporting committee operations, major events, sponsorship, community engagement and continuity between student cohorts.

HEALTHCARE OPERATIONS

Dental Practice Manager

APR 2019—JUL 2025

Borrowash Dental Centre · Derbyshire

- Led operational performance across finance, budgeting, HR, recruitment, compliance, patient experience and business growth.
- Maintained systems supporting CQC readiness, governance, staff accountability and safe service delivery.
- Coordinated the operational workstream for a successful practice acquisition, including due diligence and liaison with buyers, solicitors, accountants and regulators.
- Implemented digital and process improvements while protecting continuity for patients and staff.

Founder & Dental Practice Advisor

2022—2024

Dental Management & Training Solutions

- Designed tailored compliance systems, operational playbooks and professional education for dental teams.
- Translated regulatory expectations into usable processes designed for consistent implementation.

RESEARCH, EDUCATION & SPEAKING
